

Webmaster Report, Cornell Class of 1965
Stephen O. Hand
CALC Meeting, February 3-4, 2017
Philadelphia, PA

January 30, 2018

The website management has been routine during 2017 thanks to cooperation on all fronts and the expertise of our web support person, Keith Kubarek. His business website is *onebadant.com*; he is also the webmaster for the *Cornell Alumni Magazine*. We paid Keith \$168.75 in 2017; his rate is \$100/hour. Other than additions to our list of deceased classmates (for which he does not charge us), there was little for Keith to attend to this year. Our two year web hosting renewal with GoDaddy occurs on 2-3-2018. The costs are \$239.70 for web hosting and \$30.34 for domain name registration.

Since January 2017, the following items have been changed and/or updated:

- Ongoing updates to email addresses and deceased list
- Post minutes from January 2017 conference call meeting, President's message and Treasurer's report
- Update and correct Cornell links
- Add links for three Cornell webcams
- Full implementation of our Freshman Register (~100 pages) as of early March 2017

The present system works well. I favor continuing with the same arrangement. Questions, suggestions and feedback always welcome at <shand35@gmail.com>.

Respectfully submitted,

Stephen O. Hand
