

Webmaster Report, Cornell Class of 1965  
Stephen O. Hand  
CALC Meeting, February 3-4, 2017  
Baltimore, MD

January 24, 2017

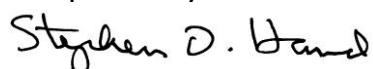

The website management has been routine and low-key during 2016 thanks to cooperation on all fronts and the expertise of our web support person, Keith Kubarek. His business website is *onebadant.com*; he is also the webmaster for the *Cornell Alumni Magazine*. We have paid Keith \$1312.50 since June 2015 when I assumed the webmaster position. We paid *GoDaddy* \$192.60 in December 2015 for domain name registration and website hosting. We will not be charged again until December 2017; I would expect a modest increase in this amount.

Since January 2016, the following items have been changed and/or updated:

- Ongoing updates to email addresses and deceased list
- Post minutes from January 2016 conference call meeting, President's message and Treasurer's report
- Post survey results from our 50th Reunion
- Add link to home page for ordering Cornell Football DVD's; thanks to Dave Mellon; pursuing feasibility of embedding YouTube link to allow viewing one game video on our website
- Update Cornell links some of which were faulty and add links for Cornell Athletics and submissions to *Cornell Alumni Magazine*
- Our Freshman Register (~100 pages) is currently being scanned by the Archives department in the Kroch library. The cost for the scanning will be ~\$100. When we have the digital file, Keith will post to our website and add a link to the home page. Keith will bill us for his time at \$75/hr.

The present system works well. I favor continuing with the same arrangement. Questions, suggestions and feedback always welcome at <shand35@gmail.com>.

Respectfully submitted,

Stephen O. Hand
